Elevated Design

Our extensive experience designing furniture to meet customer aspirations while maintaining the fundamentals of holistic care is simply and effectively achieved. Any standard or custom product can be manipulated to meet a project's precise requirements, be they fire retardants, non-ferrous fasteners, increased weight capabilities, elevated seats, moisture barriers, UV inhibitors and bleach cleanable finishes. We also offer anti-microbial solid surface options that can be bonded to arm caps and used as surfaces for any of our tables or counter tops to ensure a sterile, safe and beautiful environment. From lobbies to conference rooms, Coriander Designs is your partner for elevated design.

Shown in Black with 36" round Rift White Oak Veneer top

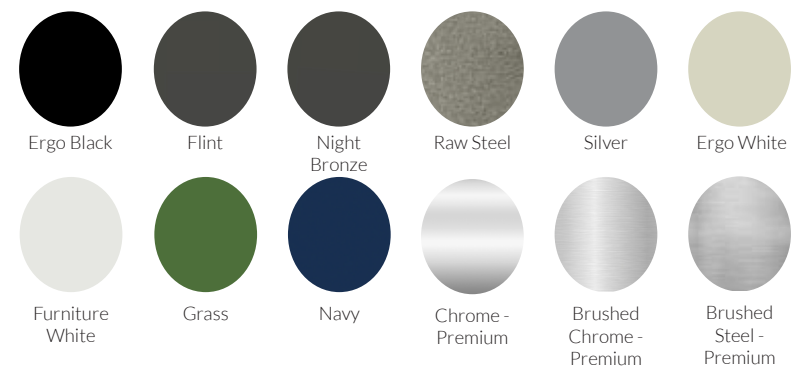

TULIP

Fixed height, flat, round base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	3"D, 4"D
Disc Base	1/4" thick steel disc; 20"D, 24"D
Top Sizes	30"- 36" square; 36" - 42" round

BASE FINISHES

Shown at 17"H in Black with 30" round Rift White Oak Veneer top

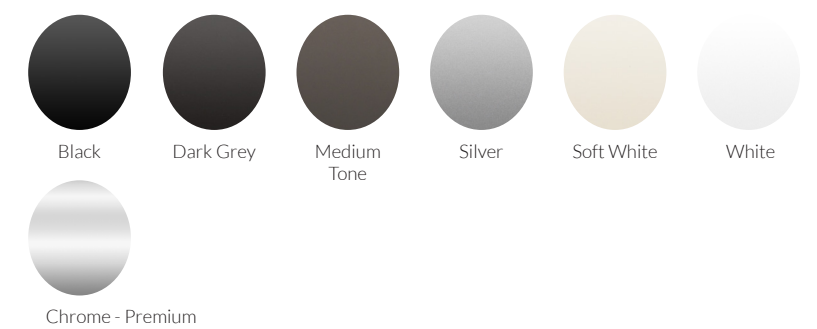

DISC II

Fixed height, slim column, flat, round base

SPECIFICATIONS

Height	17.5 - 18.25", 19.5 - 20.25" with levelers
Column	1.5"D, 3"D
Disc Base	1/4" thick steel disc; 14"D, 15.5"D, 18"D
Top Sizes	24" - 36" square; 20" - 36" round

BASE FINISHES

Shown in Black with 30" round Rift White Oak Veneer top

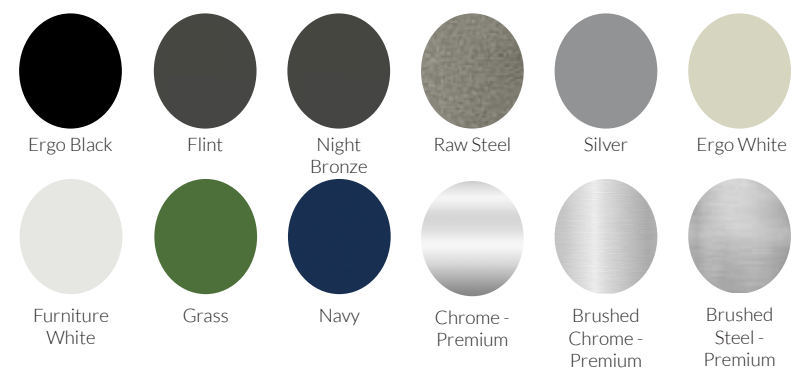

DISC I

Fixed height, flat, round base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	3"D, 4"D
Disc Base	1/4" thick steel disc; 20"D, 24"D, 32"D
Top Sizes	30"- 42" square; 30" - 42" round

BASE FINISHES

Shown in Black with 30" round Rift White Oak Veneer top

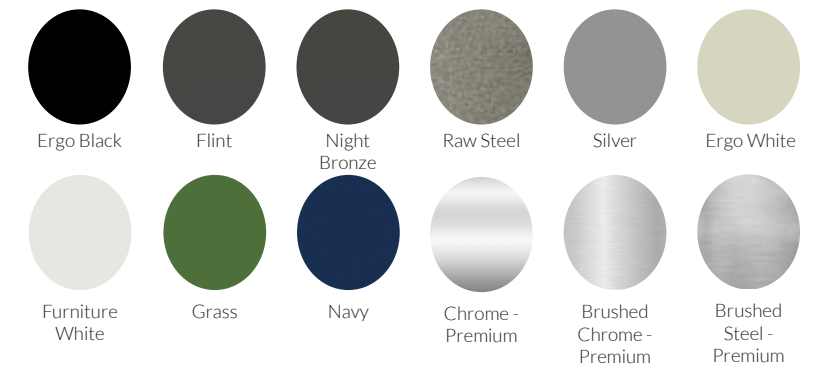

POWER DISC I - data capable

Fixed height, round base with power box + wire management

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	3"D, 4"D
Disc Base	1/4" thick steel disc; 20"D, 24"D, 32"D
Power Box	12" x 12"; 3" high
Top Sizes	30"- 42" square; 30" - 42" round

BASE FINISHES

Shown in Black with 36" x 36" square Rift White Oak Veneer top

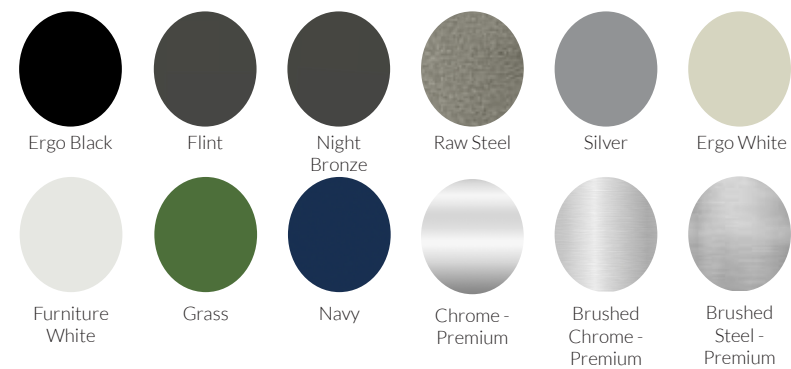

SQUARE I

Fixed height, flat, slightly rounded square base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	3"D, 4"D
Disc Base	1/4" thick steel disc; 16"D, 20"D, 26"D
Top Sizes	24"- 42" square; 20" - 42" round

BASE FINISHES

Shown in Black with 30" x 30" square Rift White Oak Veneer top

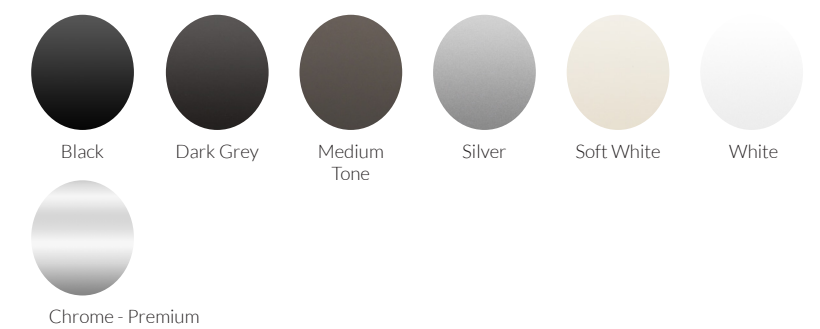

SQUARE II

Fixed height, flat, square base without levelers

SPECIFICATIONS

Height	28.25" - 29" without levelers
Column	4"D, 6"D
Disc Base	1/4" thick steel; 18"D, 23.75"D
Top Sizes	24"- 48" square

BASE FINISHES

Shown in Black with 30" round Rift White Oak Veneer top

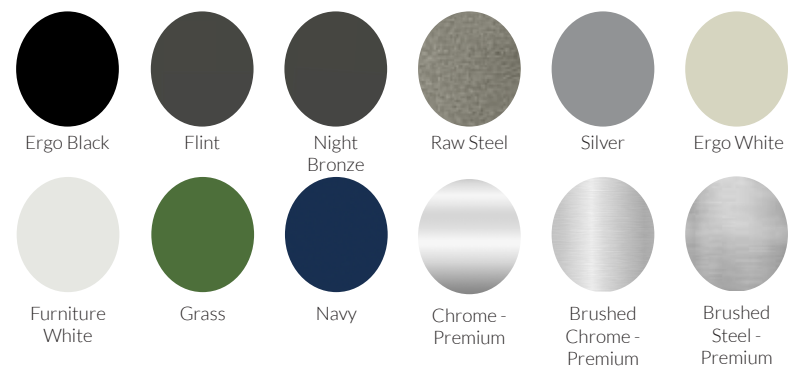

SLIM X

Fixed height, round column, slim x-base

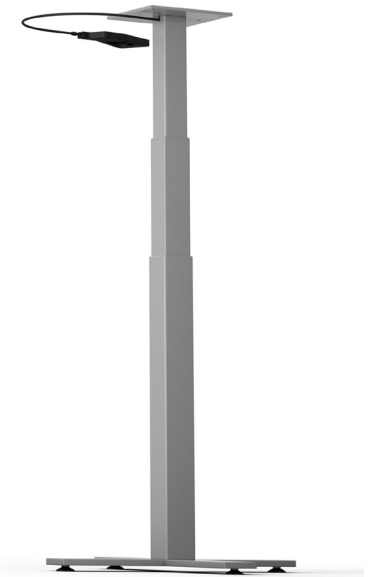

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	3"D
X Base	1/2" thick x 2" wide steel
Top Sizes	20"- 42" square; 24" - 42" round

BASE FINISHES

Shown in Black with 36" x 36" square Rift White Oak Veneer top

ADJUSTABLE X

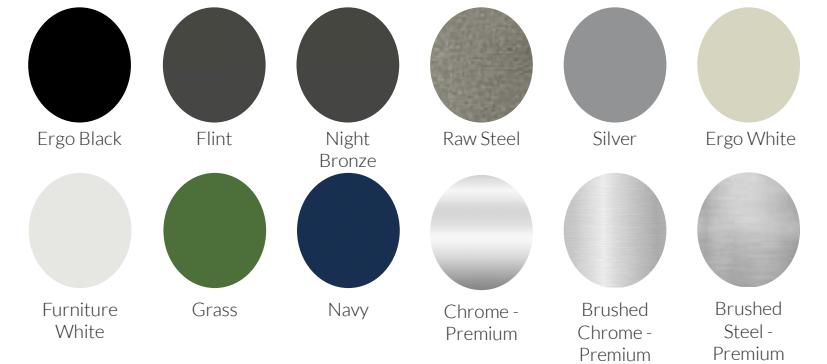

Adjustable height, square column, x-base

SPECIFICATIONS

Height Range	27.25" - 44.5" with levelers
Column	2.48" inner square, 2.76" outer square
X Base	3" x 1/2" machined bar steel
Top Sizes	24"- 42" square; 24"- 42" round*

*42" option available only in veneer tops

BASE FINISHES

Shown in Black with 24" x 36" Rift White Oak Veneer Rectangle top

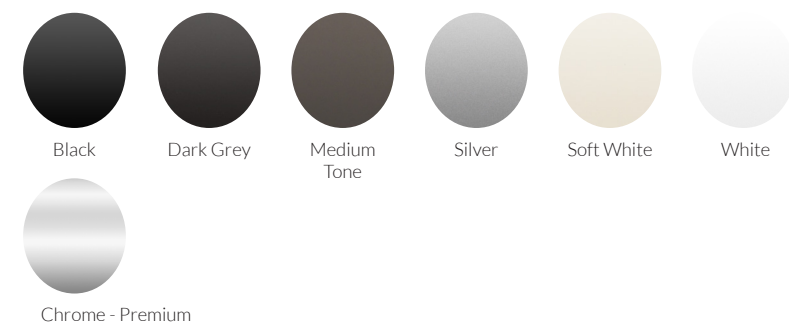

X RECTANGLE

Fixed height, slim square column on rectangle x-base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	2.25" square
Base Spread	20-32.75" x 26-38.25"
Top Sizes	24"- 36" x 30"- 42" rectangle

BASE FINISHES

Shown in Black with 42" x 60" rectangle Rift White Oak Veneer top

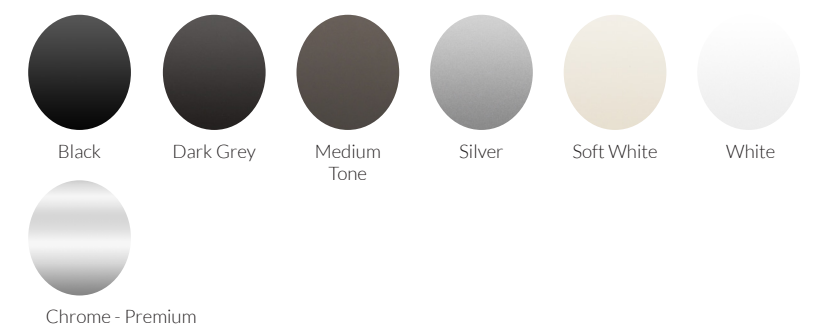

RECTANGLE

Fixed height, flat, rectangle base without levelers

SPECIFICATIONS

Height	28.25" - 29" without levelers
Column	6"D
Disc Base	1/4" thick steel; 18"x 28"D, 24"x 28"D
Top Sizes	30"-42" x 36"-60" rectangle

BASE FINISHES

Shown in Black with 30" round Rift White Oak Veneer top

Shown with 4 standard legs in Black with 60" round Rift White Oak Veneer top

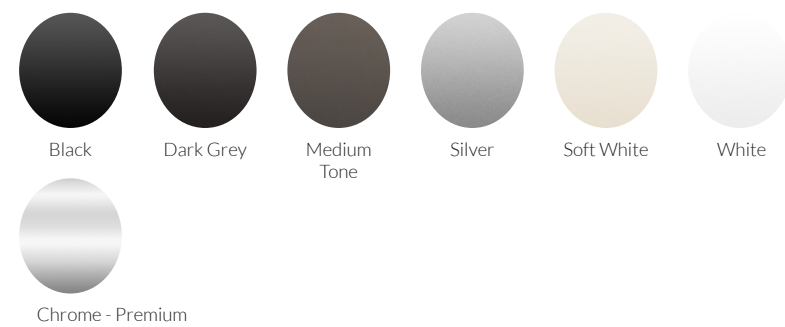

TRIPOD

Fixed height, column on tripod base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	2.25"D
Top Sizes	24" - 36" round

BASE FINISHES

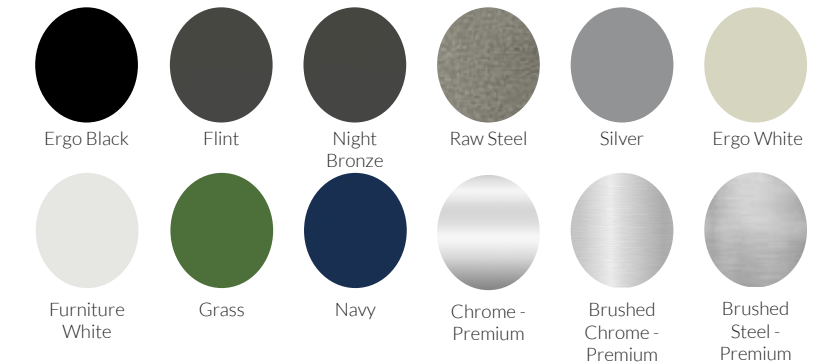

4 ANGLE POST

Fixed height, square, angled column base; 4 legs

SPECIFICATIONS

Height Range	28.25" - 29" with levelers
Column	2", 2.75" square
Top Sizes	30" - 60" round or square 30" - 36" x 36" - 42" rectangle

BASE FINISHES

Shown in Black with 60" round Rift White Oak Veneer Top

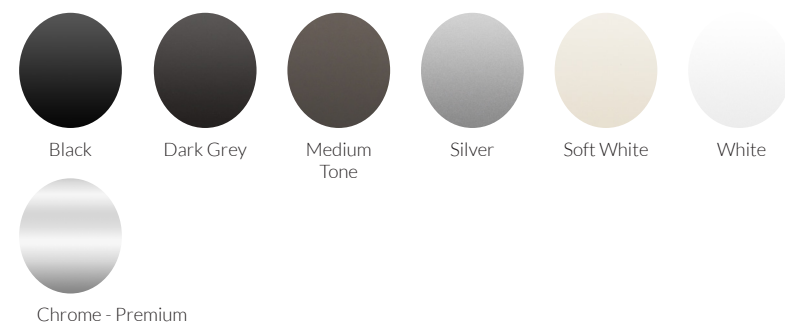

4-POST X

Fixed height, 4 round posts on square x-base

SPECIFICATIONS

Height	28.25" - 29" with levelers
Columns	2.25"D
Base Spread	37.25", 44", 56.5"
Top Sizes	42"- 84" round or square

BASE FINISHES

Shown in Black with 72" Bullet Rift White Oak Veneer Top

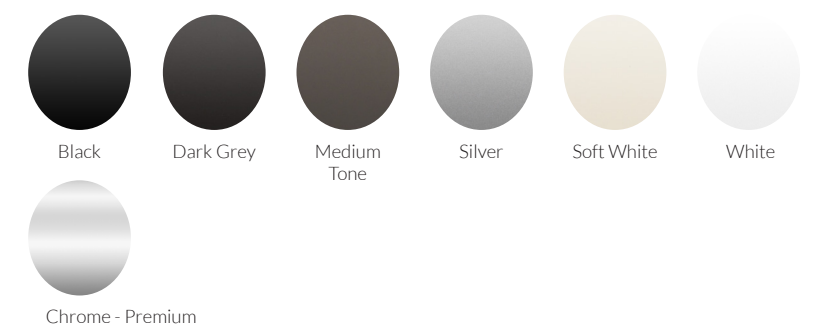

MEDIA X - data capable

Fixed height, perforated panels on square x-base

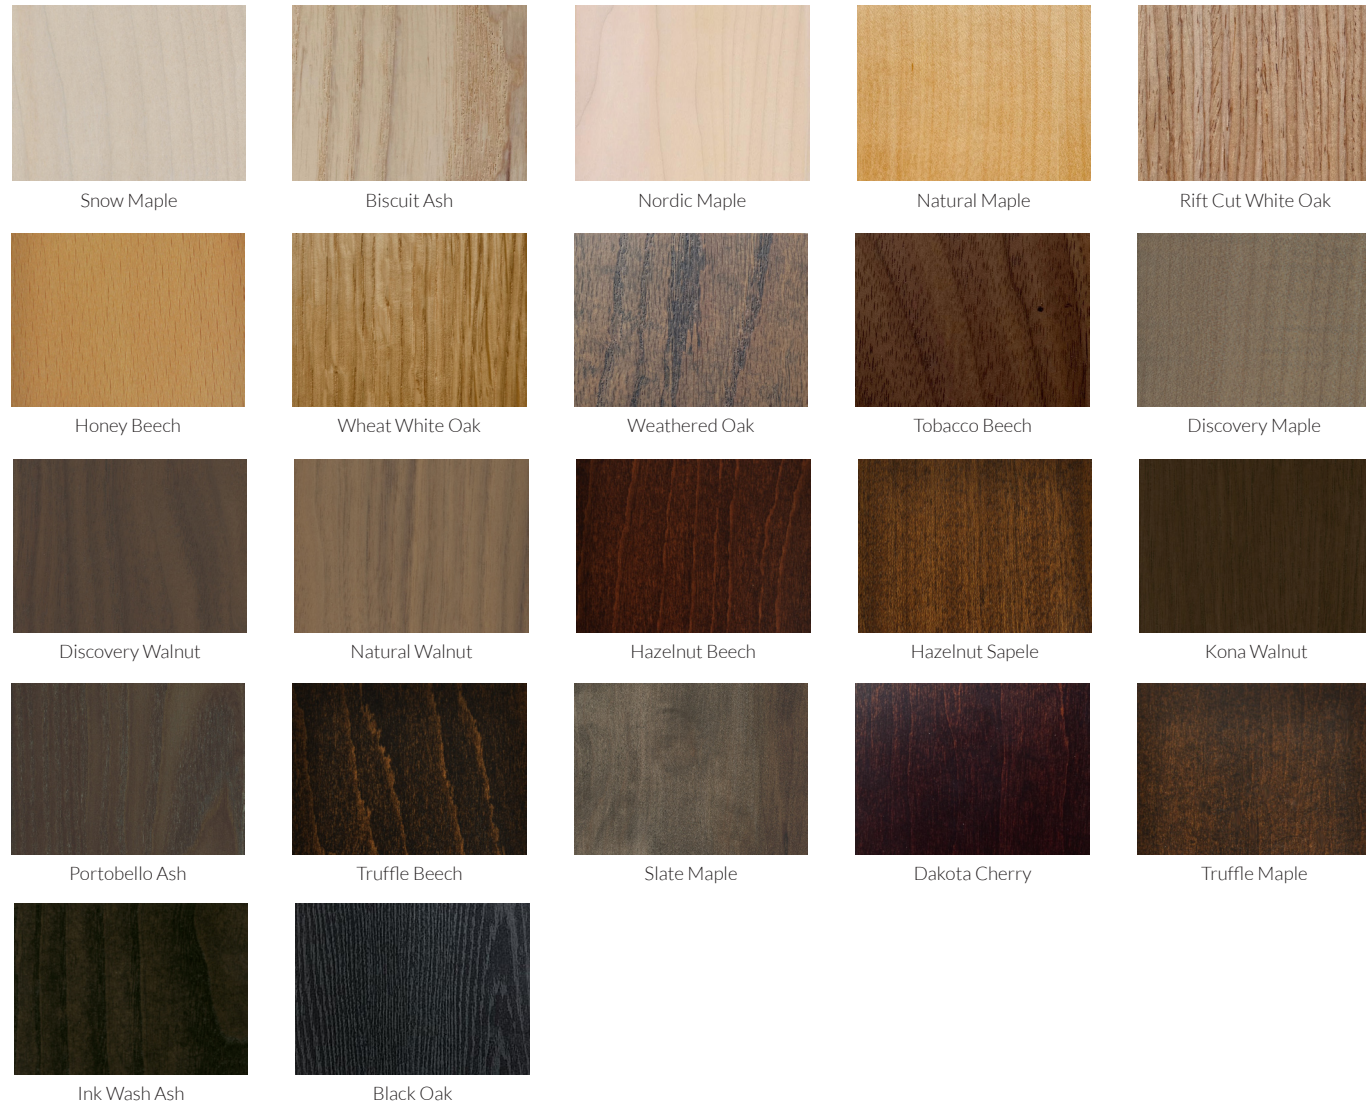

SPECIFICATIONS

Height	28.25" - 29" with levelers
Column	2.25"D
Panel	10.5" x 10.5" enclosure for optional data
Base Spread	50.5", 56"
Top Sizes	60" + 72" round or bullet

QUALITY

We are proud to manufacture all our products in America. Since 1979, our commitment to keeping all production in the USA has resulted in a smaller eco-footprint, local job creation and long term manufacturing stability. Our 44,000 square foot factory in Woodinville, Washington is fully equipped to handle all our clients' needs efficiently and effectively. With total control over our materials and all of our labor force working together under one roof, we are confident that all the products that leave our factory floor are made with the highest quality and built to last.

FUNCTIONALITY

As with most of our products, our cafe table collections offer a multitude of size and configuration options. All the tables shown can be personalized with any of our offered material and finish and 2 edge profiles. We can also implement height adjustable functionality, where available, and integrated data units for comfort and connectivity all at reach. Custom options are also available. Reach out to one of our sales representatives to learn more about our extensive capabilities.

SAFETY

We understand the importance of maintaining a safe environment so we offer several options to keep visitors and employees safe. Solid Surface is a nonporous, chemical and stain resistant surface that does not support the growth of bacteria. It can be bonded to many of our table tops, creating a seamless transition from the wood. Micoban antimicrobial protection can be added to our wood finish to inhibit the growth of stain and odor-causing bacteria 24/7. Our High Pressure Laminates offer an antibacterial surface through the use of silver phosphate glass that reduces the number of bacteria on the surface.

SUSTAINABILITY

Coriander Designs practices preferable product manufacturing in that we use products or services that have a reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. Our lumber is FAS Select Grade and locally and responsibly harvested. We can also offer FSC® wood tops when requested. Our varnish is VOC compliant and free of Lead and Chomate. Additionally, we are able to follow through on LEED requirements should your project request or require certification. FSC CO41262
